PLASTIC BLADES

Safe for delicate & scratch-prone surfaces

Quality Tools for Smart Cleaning™

Plastic Blades from UNGER: gentle, safe, professional

PLASTIC BLADE TECHNOLOGY

Built for professionals who value precision, safety, and efficiency, **UNGER** plastic blades are specially designed to remove dirt from scratch-prone surfaces while protecting delicate materials like window frames, safety glass, plastics, and painted finishes. Unlike steel blades that can cause damage, these blades glide smoothly without leaving marks, allowing for safer and more efficient cleaning. Designed to work seamlessly with trusted **UNGER** tools—including the **6" NINJA™ Scraper**, **4" ErgoTec® Scraper**, and **1.5" Safety Scraper**.

NINJA™ PLASTIC BLADES

6" Plastic Blade for Ninja™ Glass Scraper

Premium blade designed for large areas and stubborn residues on sensitive surfaces

Plastic or painted surface

ERGOTEC® PLASTIC BLADES

4" Plastic Blade for ErgoTec® Glass Scraper

Quickly removes large areas of dirt including stickers, chewing gum, and paint residues

Single-pane safety glass (ESG) or plastic window frames

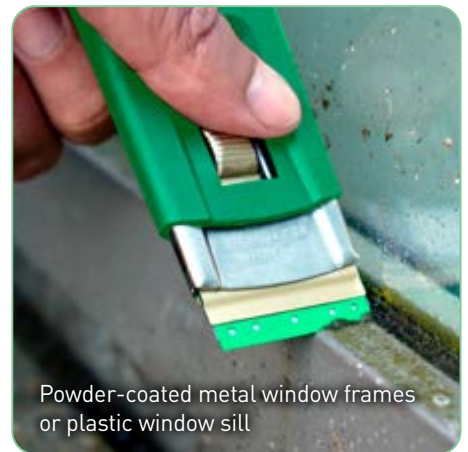

SAFETYSCRAPER

SAFETY SCRAPER PLASTIC BLADES

1.5" Plastic Blade for Safety Scraper

Ideal for smaller areas such as adhesive residues on window sills or window frames

Powder-coated metal window frames or plastic window sill
