

Quality Tools for Smart Cleaning™

# HYDROPOWER®

## Clean Windows Faster and Safer with No Chemicals and No Ladders

The Unger HydroPower system, available in kits that can reach up to five stories, is the safe and efficient outdoor pure water window cleaning solution trusted by professionals.

Clean faster while eliminating chemicals, ladders and lifts.

Quality Tools for Smart Cleaning™

# What Pure Water Equipment Do I Need for this Building?

This chart will help you identify the suitable pole length and the tools required to achieve it.

These kit combinations offer the most cost-effective options with optimal rigidity.

	HydroPower DI System		Master Poles		Extension Poles		Goosenecks		nLite Brushes & Accessories		Waterfed Hoses & Accessories
