UNGER

Quality Tools for Smart Cleaning™

High Access Cleaning
Clean Safely from the Ground

ungerglobal.com

Eliminate Ladders and Lifts

Unger has the tools you need for safely dusting and cleaning high access areas. The Unger HiFlo™ nLite® Pole System and our aluminum telescopic poles easily reach trouble areas making ceiling and fixture maintenance a safer, more frequently performed task. All of Unger's poles have ergonomic handles for worker comfort.

The ErgoTec® Locking Cone: Safely Attach Your Tools

All Unger bulb changing, window and dusting tools are designed to fit onto the patented ErgoTec® Locking Cone.

The locking cone attaches securely to the top of the telescopic pole and prevents tools from becoming loose or falling off while in use.

Fast tool change can be achieved with the quick-release button. This tool adapter comes standard with all Unger aluminum telescopic poles and works on a variety of tool connections.

Tool Connections

Press On

Special grooves on the cone ensure a secure fit for the tools.

Snap In

These tools snap directly onto Unger telescopic poles.

Screw On

These tools screw onto the ACME thread of an Unger cone.

Lock On

Any tool with a hole in the handle and "Lock" inscribed on it locks onto the ErgoTec® Locking Cone preventing the tool from twisting or pulling off the pole.

Extend Your Reach and Your Clean while keeping workers **Off Ladders** and **Safely On the Ground**

Bulb Changing

Find all the tools you need for safe, precision light bulb replacement.

Unger's bulb changers are made for a variety of bulb shapes and even allow for removing broken bulbs.

Insulated designs keep custodians safe from heat while changing bulbs, and long pole handles keep feet on the ground and off dangerous ladders and lifts.

High Access Cleaning with Unger

Unger has the tools you need for safely cleaning high access areas without the use of ladders or lifts. Our diverse selection of window cleaning tools, dusters, brushes and bulb changers guarantee the perfect tool for every job. Unger's line of telescopic poles easily reach high access areas to keep your facility clean.
