.....  
**Stay organized and fully equip  
when using your cleaning cart.**

Scan here for more information.

The best way to clean is with an efficient system, and the Unger RestroomRx is the first janitorial cart developed as a completely coordinated system by cleaning professionals.

Every detail is designed for ergonomics and safety. Tools stay organized and securely fastened in place while moving from job to job.

The Unger RestroomRx streamlined cart systems will enable your custodians to work faster and more productively than ever.

▶ **EASY TO MANEUVER**

The handrail allows you to maneuver the cart in and out of restroom entrances quicker and easier.

▶ **STAY ORGANIZED**

Every tool in the system has a designated position on the cart. Tools are always where they need to be, and always clipped on securely.

▶ **LARGE STORAGE**

With an expanded storage module, you'll minimize trips to the supply closet.

▶ **SMART DESIGN**

The narrow tool tower design allows all tools to remain within the boundaries of the cart. The base of the cart also acts as a drip tray catching excess liquid, so nothing ever drips on restroom or hallway floors.

**70%** Savings on Chemical and Water Usage!

**SAFETY**

The Ergo Rail eliminates poor posture. No matter which side of the cart you're on, it can be pushed and pulled with ease.

The handrail allows you to maneuver the cart in and out of restroom entrances quicker and easier.

Patented clip system ensures all tools have an identified position on the cart. Tools are securely in place while you are moving down the hall. No bending or reaching to get tools out/off of the cart.

**EFFICIENCY**

The Storage Module eliminates restroom complaints. The effort it takes to return to a supply closet to restock supplies can waste more than just time.

With an expanded storage module, you'll minimize trips to the supply closet. Even eliminating one trip increases productivity.

The patent pending Narrow Tool Tower design allows all tools to remain within the boundaries of the cart. Since no tools hang over the outside edge of the cart, getting through tight doorways is easy.

**CLEANLINESS**

From the Dual Bucket to the Telescopic Dustpan, the tools that comprise the system were developed to deliver optimal productivity and cleaning results.

A patent pending Drip Tray keeps dripping from tools off the floor, and delivers ultimate bucket stability, even when going over curbs or thresholds.

**32qt.**

**Restroom<sub>x</sub> Cleaning Specialist System Complete - 32 Qt./30 L**

PART NO.: **RRSPL** CAPACITY: **32 Qt./30 L** CASE QTY.: **1**
